*Title of Collection:* Statewide Longitudinal Data System (SLDS) Survey 2021-2023

*OMB Control Number:* 1850-0933

*Type of Review:* A revision of a currently approved collection

*Respondents / Affected Public:* State, Local, and Tribal Governments

*Total Estimated Number of Annual Responses:* 112

*Total Estimated Number of Annual Burden Hours:* 140

*Abstract:* The National Center for Education Statistics (NCES), of the Institute of Education Sciences (IES), within the U.S. Department of Education, is requesting clearance to continue the Statewide Longitudinal Data System (SLDS) Survey collection, which is intended to provide insight on State and U.S. territory SLDS capacity for automated linking of K-12, teacher, postsecondary, workforce, career and technical education (CTE), adult education, and early childhood data. The SLDS Survey will continue to be collected annually from State Education Agencies (SEAs), and will help inform NCES ongoing evaluation and targeted technical assistance efforts to enhance the quality of the SLDS Program's support to States regarding systems development, enhancement, and use. The request to conduct all activities related to SLDS 2020-22, including materials and procedures, was approved by OMB in May 2020 (OMB#1859-0933 v.8), with a nonsubstantive change request (OMB#1859-0933 v.9) approved in August 2020. The SLDS 2020-22 package included a new data collection tool, a Google Form developed for an electronic data collection. That tool was not as successful in the 2020 data collection as NCES would like (see section A.3 for a richer discussion of this). This new request is to conduct all activities related to SLDS 2021-23. It submits

enhancements to the OMB-approved Survey, intended to bring consistency to questions across sectors, provide greater definition and clarity to terminology and questions used within the SLDS Survey, and address pandemic-related response across states. In addition, this request submits screenshots of the new Qualtrics information collection tool that will replace the Google Form introduced for SLDS 2020 and which will be used in the 2021 SLDS Data Collection (for proposed changes, see Appendix E) and is planned for use in subsequent collections. Finally, this request submits screenshots of the updated webinar, as the SLDS Program proposes the option to host one or two SLDS Survey webinars to familiarize respondents with the collection tool and completion process. All proposed changes are captured within these documents, including accompanying appendices.
